## Midget Races Will Be Held Sat. Night After 2-Week Rest

Elba Micro Midget Races will resume in Elba Saturday night at 8:15 after a two-week rest period. Races were held in Elba two weeks ago with Donnan as the visiting list but at the last minute, the appointment was cancelled.

The races proceeded as scheduled with the Elba team in competition with each other. With a grudge race added in with the other events, it was an exciting evening for all who attended.

This Saturday night something new will be added, as a powder puff race is on tap and also for all those hot-rod mechanics who have been keeping up these cars will get a chance to use their driving skill. In addition there will be five feature races starting off with the slow car heat race, followed by a fast car heat race, the Australian Pursuit, the Consolidation race and the big one with all the cars on the track to finish it off.

Official timekeepers and judges will be on hand as this will be a trophy race with five place winners.

Carol Marier, president of the Elba Club, said they were making plans to go to Panama City, Fla., for a race and from there they hope the Panama City club will return the visit.

### "AND WHAT HAVE YOU DONE?"

"The easiest way to shirk responsibility is to be an 'aginer'." We have relatively few "aginers" around here, but they are good for is peddling second hand false information.

The above is quoted from The Southern Star, Ozark, but it is also applicable to Elba.

Sometimes the rumors are disguised. The most frequent disguise is to cage the rumor in the form of a question. "Do you think there is any truth to the rumor that..."

Then there is the "idea man." His rumors usually begin with either one of the following three:

No. One: "Now if City Council would just..."

No. Two: "The Chamber of Commerce could get some new industry in Elba if..."

No. Three: "The Elba Clipper could make a different town out of Elba if..."

Actually, neither of the three can promote Elba alone. The mayor and City Council were elected to handle the taxpayers' money to the best of their judgement. The Chamber of Commerce can do only what its members do. The Elba Clipper is a business, like any other business, it cannot spend one dollar more than it receives.

To quote The Southern Star again: "We have relatively few 'aginers' around here, but enough to keep the water muddy."

Each time he suggests what should be done, someone should ask: "And what have you done?"

The intermediates girls of the Baptist Sunday School met in the home of Betty Brantwell for their regular meeting. Devotional was by Gwendolyn Boutwell, followed by sentence prayers. After a discussion of business with the president, there was an interlude of song. After the program, the hostess served delicious refreshments to the eight members present and their teacher, Mrs. Tillman.

## Drive Begun For 4-H Club Camps

Organization for the 4-H Foundation drive in Coffee county was named and briefed last week during a meeting of county leaders in the First Baptist Church annex in Elba.

Mrs. Robert Wise, county chairman for the rural areas, was introduced by Judge J. O. English, general chairman of the Foundation campaign in Coffee county.

Mrs. Jean Wakefield, county assistant home demonstration agent, explained that the Foundation seeks to raise enough money in the state during the coming five years to furnish five camps for 4-H summer activities and to provide an expanded program of educational materials for better instructional uses.

Coffee county has accepted a goal of \$30,000 as its share of the state goal. This corresponds approximately to one dollar per person in the county. While the money can be paid over a five year period, the solicitation program is to be completed this year.

Mrs. Wise named Majors for each rural Beat in the county. Each Major will set up an organization within the Beat.

Beat Majors appointed are as follows: Beat One, Mrs. Bob Perry; Beat Two, Mrs. Jean Johnson; Beat Four, Donnie Marler (president of the Newbia 4-H Club); Beat Seven, Mrs. Ira Allen; Beat Eight, Mrs. James Russell; Beat 10, Mrs. Cletus Wise; Beat 11, Mrs. Leon Hornsby; Beat 12, Mrs. Harold Hornsby; and Mrs. Charles Snellgrove; Beat 15, Mrs. Curtis Wilkes; Beat 16, Mrs. Edna Danford; Beat 19, Mrs. Elmer Bryan; Beat 21, Mrs. Cletus Wise; Beat 23, Mrs. Bowen Sessions and Mrs. G. F. W. Wyatt.

Elba, Enterprise, New Brockton and Kinston Beats will have their own urban organizations.

The first check-up meetings of Majors will be held at the First Baptist Church annex in Elba on September 23, at 8 a.m.

# The Thrifty HOUSEWIFE KNOWS SHE PROFITS FROM ADVERTISING!

She Has Found From Experience that she fares Better When She Buys From Those Stores Which Advertise Regularly in Newspapers!

# The Wise MERCHANT KNOWS HE PROFITS FROM ADVERTISING!

No business has to advertise. An experienced ad man is the first to disagree with the oft-repeated statement that 'You have to advertise.' Because you don't. But the most successful merchants are those who advertise. Because they want to let their customers know about their latest values and they have no fear to let their competitors know the same as their customers.

There are definite rules how to use it and the first rule is to budget the advertising the same as to budget the rent, payroll, gas, lights and water. Regular advertising is the key-note. No longer is advertising for clearance sales only. Customers want to know about regular price line merchandise too.

And there must be some reason why there is more advertising done in newspapers than in any other media. In fact, there is as much advertising done in newspapers as in the next highest three media combined.

All advertising is good, some better than others!

## YOU NEVER SAW THIS NEWSPAPER

Thrown into the gutter or a waste basket before it was read, did you? But waste baskets and gutters are constantly being filled with unopened, expensive direct advertising, sales ammunition shot into the air.

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from "kiver to kiver". Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising your business.

An advertisement in this paper will reach over 75 per cent of the buyers in the local trade territory. We do the mailing and pay the postage.

### Open Installation Held by OES in Chapter Hall

The local chapter of O.E.S. held an open installation ceremony in the chapter hall last Thursday evening.

Arrangements of yellow glads and the colorful star point decorations made a beautiful setting for the ceremony.

ALL VITAMINS ARE NOT THE SAME! Do not let half-truth advertising mislead you. You know better. For instance—vitamin supplements must comply with government standards to be sold. Yet, some brands are much more potent. Some cook's bake pies that are a real treat. Others using the same ingredients spoil them.

The quality of vitamins depends on the care of processing and many tests for potency and body absorption. Cheap vitamins eliminate expensive controls. The vitamins we supply are made by the makers of our prescription drugs. Purity and potency is always the best quality that can be made.
